

Telemarketers should not be allowed to invade our homes. While I understand that it is a job to the person on the other end of the phone, it is only a disturbance to me. If I chose to undertake a project or purchase a product I, of my own freewill should be making the choice. Don't weaken the present law in NJ by allowing businesses that have had dealings with me recently to contact me again. If I want their services I certainly know where to find them!
